

Graphic Novel Reading Journal

Overview: Read ten graphic novels, graphic memoirs, trade paperback collections, comic books, etc. and offer some observations about your reading experience—one entry for each item.

Format: Each entry in the journal need be no more than 1-3 paragraphs. Paragraph one will be a summary of the book. Paragraph 2 will be an analysis that incorporates concepts from class. Paragraph 3 will be a reflection and discussion of your personal reading experiences. Please pay attention to coherence of thought, spelling, and grammar.

Required: Your journal entries should include an entry for each genre discussed in class. Identify the author, title, publisher and genre for each graphic novel entry. Include a cover image for each graphic novel in the document. We will review how to do this if you have no prior experience with these kinds of materials.
